Summary

I'm Pankaj Kumar, and I'm always excited about what I'm about to accomplish. The ability to successfully handle multiple tasks on a daily basis is one of my greatest strengths. I am committed to learning and self-development so that I can consistently achieve better results.

Experience

Internship
Blue Planet Solutions
Jun 2021 to Nov 2021

As an intern at bluleinfotech, I work on a live project with web development languages, after some time almost 20 junior interns work under me, and in response to feedback, the Manager asked me to design a complete website.

Web Application Developer
uCertify, Noida
Jan 2022 to Oct 2022

During my time with the company, I learned a lot and met some really nice people who continued to assist me and answer my questions.
